

Stormwater Billing Changes

No More LocationID

In the past the City of Superior combined charges for adjacent parcels into a single fee associated with a Location ID #.

With our new billing, we no longer have a Location ID #. You will see a fee for every parcel of land that you own that has impervious area on it.

Our rate has *not* changed and charges for stormwater will still be the same unless impervious area was added or removed. Only the way these charges are displayed on bills has changed.
