

Families needed to host Japanese middle-school students!

Are you interested in Japan? Do you want to share American culture? The Superior Sister City Commission is looking for families to help host a delegation of Japanese middle school students (grades 8 - 9) this summer.

Dates: Monday, July 26 (arrive afternoon) ~ Saturday, July 31, 2010 (depart morning)

Activities: Visiting local attractions, a barbeque, time with host families to share cultures and interests, and more!

Host families will make these experiences all the more special and meaningful, and will give our Japanese friends a chance to experience American life. Please help the Superior Sister City Commission share our community and our hospitality with Japanese young people.
