City of Superior Adopt-a-Stormdrain Program
Volunteer Registration

Name: _____

Email address: _____

Address: _____

Telephone: _____

Stormdrain location/facility ID: _____

Do you already clear the stormdrain occasionally? Yes No

Does the stormdrain have a history of being blocked with debris? Yes No

Are you volunteering on your own behalf? Yes No

Stormdrain Maintenance Guidelines:

1. Wear provided volunteer t-shirt or bright colors.
2. We recommend for you to clean stormdrains weekly, and before and after storm events.
3. Clean during daylight and do not clean stormdrain(s) when cars are present.
4. Clean gutter 5 feet on either side of stormdrain.
5. Clean from curbside for safety. Sweep debris from curb towards road.
6. Using a shovel, remove overgrown vegetation within 1-2 feet of stormdrain.
7. Collect and put trash in garbage or plastic in recycling. If you have a compost, collect leaves and grass to add compost.
8. Hazardous materials (i.e. syringes) can be placed in hazardous material containers provided. Consider using tweezers or pliers to avoid accidental needle sticks. For removal, you can also call the Superior Fire Department at (715) 394-0227. After hours, contact 911.
9. To remove dead animals, call Public Works at (715) 395-7334. After hours, contact 911.
10. Inspection form: fill out online or print off. Complete form during each inspection and submit online or mail in.

By signing, I agree to regularly remove the debris from my adopted stormdrain(s) in accordance with maintenance guidelines, safety tips, and terms listed above.
